Options to exclude documents or information you don't need.

It may be helpful to exclude certain documents or information from your application if it is not what you really want, as excluding particular information may help the FOI Coordinator deal with your application more quickly by reducing the number of documents to be located and assessed and/or removing the requirement for the Commission to consult with third parties. Tick either or both of the following options if you agree:

- I consent to all personal information of third parties being deleted from the requested document/s, including names, contact details, signatures and identifying information of third parties that are not state and local government officers;

- I consent to all personal information of WA state and local government officers being deleted from the requested document/s including contact details, phone numbers and signatures of the Pilbara Development Commission's officers and names, position titles, contact details and signatures of other WA state and local government officers;

Options to exclude third party information

Under sections 32 and 33 of the FOI Act, the FOI Coordinator must seek the views of any third parties whose personal or commercial/business information it proposes to disclose. You may choose for third party personal or commercial/business information to be excluded from the scope of your FOI request. Excluding third party personal or commercial/business information may mean that the FOI Coordinator is able to deal with your application in less time. Tick either, or both of the boxes below if you agree:

I do not require:

- Commercial or business information relating to third parties.
- Any 'personal information' about private people other than myself (this means that the requested documents may be edited to delete any information that may identify any private individuals, including names and contact details).
- Other (please specify). _____

Option to consent to release name to third parties

The FOI applicant may choose to consent to their name being released to any third parties who are consulted who request to know the name of the FOI applicant. This may enable the FOI consultation process to be finalised more efficiently and quickly as third parties are generally more willing to consent to the release of personal and/or business information if the applicant is known. Tick the box below if you agree:

- I consent to my name being disclosed to any third party that is consulted (as required by sections 32 and 33 of the FOI Act) who requests to know the identity of the applicant
